Structure of the AHA Training Network

The AHA Training Network includes TCs, Training Sites (TSs), TC Coordinators (TCCs), and instructors. The following image represents the structure of the AHA Training Network.

The Role of the TC

TCs are responsible for

- The administration and quality of all ECC courses, whether delivered directly by the TC or aligned TSs and instructors, regardless of the course location
- Providing aligned instructors and TSs with consistent and timely communication of any new or updated information about National, Regional, or TC policies, procedures, course content, or course administration that could potentially affect an instructor in carrying out his or her responsibilities
- Serving as the principal resource for information, support, and quality control for all AHA ECC Instructors aligned with the TC
