### Cancellation and Rescheduling Policies for BLS Instructor Course

**IMPORTANT NOTE – Training Center alignment:** All BLS Instructors must align with an AHA Training Center. The Training Center is responsible for processing the student certificates for your classes and maintaining your courses records. If you take our instructor course, you are automatically accepted by our Training Center. However, you may align with any Training Center of your choice. If you are taking this course for alignment with another AHA Training Center, you will

need that Training Center Coordinator to sign your BLS Instructor Candidate Application before we can send them your course completion paperwork.
