

Options for CPR-AED | First Aid Course Completion

If you do not successfully pass the CPR-AED or First Aid skills assessment or written exam, you may choose from the following options to receive your course completion certificate.

If a you **passed the skills assessment but not the written exam**, you may do **ONE of the following**:

1. Retake the in-person [CPR-AED or First Aid](#) course.
 - a. There is no charge to retake the course **if you schedule your retake within two weeks** of the date of your original class.
 - b. If you do not reschedule your course retake within two weeks, you will be charged the full course fee to retake the course.
2. Call the AmeriMed CPR Training at **619-469-7109** to schedule an appointment during business hours to take version B of the written exam.
 - a. You have one week from the date of your class to schedule to retake the written exam.
 - b. If you do not reschedule your written exam within one week, you will be required to retake the course (per option 1 above).

If a you **passed the written exam but not the skills test**, you must **retake the in-person [CPR-AED or First Aid](#) course**.

- There is no charge to retake the class **if you schedule your retake within two weeks** of the date of your original course.
- If you do not reschedule your course retake within two weeks, the full course fee will be due to retake the class.
- There is no option to come to the office for private skills assessment.
